

# OUR VOICES, OUR STORIES

Transforming Lives & Communities

Name: Brodrick Wilson

Age: 20

Occupation: Site Director, iServe Third Ward

Housing Program: Public Housing

Short Term Goal: Graduate from college

Long Term Goal: Become a mechanic and have my own workshop

I got involved in my community because I saw that the children were idle, and I didn't like that there weren't any fun activities for them. I started helping out with the summer lunch program and then I got involved with the iServe Third Ward, which is a tutoring and mentoring program. The program lets kids participate in skits, poetry, sports and assists them with homework, reading and math exercises. As the Site Director for the iServe program at Kelly Village, I provide children a safe place to play and learn. I enjoy my job. I know that I am making a difference in the lives of the children here. The kids enjoy coming to the community center every day and being a part of the program. Living at Kelly Village has allowed me the opportunity to be a part of the iServe program and impact the lives of the children. My life was impacted by the experience that I got during my summer internship at the Houston Housing Authority. The internship was a great experience that taught me how to work in a corporate environment and help prepare me for my future.
